Studies of "butadiene" are indexed at this heading in the absence of further information

1,3-Butadiene [106-99-0], compounds

Specific coordination compounds containing the 1,3-butadiene ligand are indexed only at the coordination headings, e.g., Chromium, (η^4 -1,3-butadiene)tetracarbonyl- [38834-33-2]. Nonspecific coordination compounds containing this ligand are indexed here and at the element headings. Specific coordination compounds containing other ligands derived from 1,3-butadiene, e.g., the anionic ligand, are indexed here as well as at the specific coordination headings
